CONSUMPTION.

The early symptoms of this disease are a sense of weariness upon little exertion, and disposition to remain passive and idle; a peculiar sensitiveness of the effects of cold, and a shortness of breath upon moving quickly or ascending a hill or stairs, a slight hacking cough with or without expectoration, flying pains (from one part of the back or under the shoulder-blades; the symptoms are worse towards or during the night; slight fever in the afternoon, cold feet and hands, and in many cases a blue lividity of the lips and roots of the finger nails. The more advanced symptoms are wasting of flesh, diarrhœa, chills and fever, night sweats, expectoration of yellow pus from the ulcers or cavities in the lungs, with or without a depression of the chest, increasing weakness, and at last a closing up of the air passages of the lungs, causing strangulation or suffocation of the patient for want of power to expectorate the mucus from the lungs. Heretofore the treatment of consumption has been very unsatisfactory, both to physicians and their patients, but luckily, since the discovery of the cream of balsam, a few years ago, thousands of cases have been completely cured, where, had it not been for this system of practice, they would have remained the victims of this disease would have continued up to the present time. The System of Medicated Inhalation is the only means by which these diseases can be cured. By this means we are enabled to dissolve the hardened mucus in the lungs, ease the cough, facilitate expectoration, contract and heal ulcers and cavities after all hope of cure by ordinary methods is passed. CONSULTATION FREE. Those who desire to consult with me in regard to their cases had best call personally for an examination, but if impossible to do so, may write for a list of Questions and Medical Treatise. Address M. HILTON WILLIAMS, M. D., 275 North Main street, Los Angeles, Cal. Office hours from 10 a. m. to 4 p. m.; Sundays from 2 to 4 p. m. Cahuenga Valley Lands.

4 1-2 MILES FROM THE COURTHOUSE.

All persons seeking homes are invited to examine the delightful situation, soil and advantages of the magnificent land which we are offering

IN SMALL TRACTS

Of 5, 10, 15, 20 and 40 acres, at the very reasonable price of

$125 PER ACRE,

Equal in nearly all respects to the land for which, in many places, we are compelled to ask $200 to $250 per acre.

This property has the great advantage of being

FREE FROM FROSTS, STORMS OR FOGS,

and there is not an inch of waste land on the tract, which is all LEVEL AS A FLOOR. Schools are within ½ mile, and the entire property lies on the GREAT THOROUGHFARE, between the city and the whole of the fertile Cahuenga Valley.

When watermelons grow here to 18 pounds and pumpkins to 195 pounds we need say no more.

Apples, peaches, pears, etc., grow to the utmost perfection.

Water is found in unlimited quantities near the surface, 12 to 30 feet.

Let us show you this splendid property before you buy elsewhere.

GRADUATE OF CHICAGO HOMŒOPATHIC College, Chicago, Member of College of Physicians and Surgeons of Ontario, having devoted several years to the special treatment of diseases of the nose, throat, lung, liver, and kidneys, as well as all chronic diseases, will continue to pay special attention to the same.

Consumption

And bronchitis treated by the aid of medicated inhalations, a new apparatus being employed by which means the inhalation can be taken during sleep, which quiets all unproductive cough. A clearing-out cough usually occurs in the morning. This gives nature a chance to heal the diseased lungs and lessens the tendency to hemorrhage. Constitutional medicines are employed in all cases.

Catarrh

Causes a great deal of inconvenience to the sufferer as well as to friends who are constantly in his presence, by the disposition to clear the throat. This disease is usually located in the back part of the nose, and can be cured by our mode of treatment in every case if not too far advanced.

The Times.

Office—Temple, Main and New High.

NEWS IN BRIEF.

President-elect Cleveland spent Sunday with Tilden at Graystone.

The Governor-General of Canada has tendered three regiments for service in Egypt.

L. and D. Barnum, of Portland, Ogn., assigned yesterday. Liabilities, $30,000; assets, $22,000.

The overdue steamer Alaska, arrived at New York yesterday, having in tow the steamer Winnipeg from Liverpool.

Payment was made, yesterday, in New York, of the first dividend of 33⅓ per cent. to the creditors of the firm of John J. Cisco & Son.

The employés of the Risdon, Union, Pacific and Savage iron works at San Francisco, struck yesterday in consequence of the employers having reduced wages 15 per cent.

Articles of incorporation of the Aztec Canal and Irrigation Company were filed in Arizona yesterday. The purpose of the company is to stake out a canal at Florence, Arizona, reclaiming 50,000 acres of land.

A WILD rumor is convulsing the country that Cleveland has views on the silver question.

ENGLAND is pushing reinforcements forward to the scene of disaster on the Nile. The number already ordered to Egypt is reported at 8,000 men.

A HEAVY snow-storm in Illinois may operate unfavorably on General Logan's chances for the United States Senate. The voting is to take place to-day.

COL. H. H. MARKHAM broke into the House of Representatives at Washington the other day, to see the statesmen at work, and get pointers for future use. He will remain in Washington several weeks longer.

THE members of the Assembly Committee on Buildings left Sunday for Sacramento, loaded down with oranges and semi-tropic enthusiasm. They are in good shape now to proceed with legislation needed by Los Angeles.

A NUMEROUSLY-SIGNED memorial from a number of ex-soldiers residing at Modesto, Stanislaus county, Cal., asking that the Government deed 160 acres of land to all ex-soldiers, has been presented to the United States Senate.

THERE is a great deal of religious interest reported in many Washington City churches, and the special services held during the last week in January were largely attended. Some remarkable conversions have taken place and the work is extending.

THE report of the safety of General Gordon, who is thought to be alive and engaged in defending his position in an inaccessible part of the city of Khartoum, where he had prepared a refuge in case of emergency, is buoying up the British War Office.

As February goes the Washington winter shortens. Society has only a short time left before Ash Wednesday, which comes on the 18th of February, this year. After the 18th it is only a step to the 21st, the day of the monument dedication; after that it is only eleven days to the 4th of March, and after that—the deluge.

A DETACHMENT of colored militia from South Carolina, headed by a genuine colored Brigadier-General, will be one of the notable features of the inauguration day parade. Who would have predicted such a thing twenty years ago? It is but another proof of the fact that the world moves, even under a Democratic administration.

THERE is another chance for the Bankruptcy Bill at this session of Congress. The rules of the House may be suspended by a two-thirds vote, and the bill taken up out of its order. A determined effort will be made to secure the success of a measure which its advocates say is demanded by the business men and interests of the entire country.

A WASHINGTON letter says that Mrs. Frelinghuysen is receiving many humorous congratulations upon the inheritance soon to come to her through the settlement of the French spoliation claims. Her grandfather, a New York shipping merchant, lost several ships by French cruisers, and bequeathed his claim to his descendants. French spoliation claims have long been considered to have such a poor chance before Congress that owners of claims have considered the matter simply in the light of a fable or joke, and now that the Government is about to right the century's wrong there is a great overhauling of trunks in progress, and many of the claimant's papers have been lost and mislaid. Mr. Elliott's book, "The Bassett Claim," the latest novel of Washington life, tells the story of the French spoliations in a clear, interesting manner.

WORK at the new pension building in Washington is being pushed with rapidity, and the members of the executive committee are giving personal attention to it, says a Washington correspondent. Floors are being laid in the upper and reception rooms, platforms built to place in the galleries, and as soon as the canvas roof is in place the other work will be pushed with all possible speed, for the inauguration ball. This pleasant announcement will make the old boys smile grimly. The veterans whose wounds complain, whose rheumatic bones ache, and whose pensions, mayhap, remain unpaid, will be delighted to know that "work at the new pension building is being pushed with rapidity" for the purpose of having it ready for the inaugural ball. The ordinary business of the bureau can wait, but the Democratic inaugural ball, which is to usher in Cleveland's "republican simplicity" administration, must come off on time. Children cry for it, and grown people must have it.

GRANT'S REPLY.

A Pleasant Letter to the Fresno Veterans.

FRESNO, Cal., Feb. 9.—Fresno Camp, Blue and Gray Veterans, recently passed resolutions favoring placing General Grant on the retired list. A copy of the resolutions was sent to him. The camp received the following letter from the General in response:

NEW YORK, Jan. 23d.

Captain H. S. Dizon Commanding Fresno Camp, Blue and Gray Veterans—

DEAR CAPTAIN:—I am in receipt of your letter of the 12th inst., inclosing the resolution passed by the camp of your command favoring my retirement, and wish to express my appreciation of it. Coming as it does from an association composed of the veterans of both armies in the great sectional war, the compliment is the greater. I hope that the fraternity practiced by the Veterans of Fresno may be patterned after by all citizens of our country before many years roll over.

Very truly, yours,

U. S. GRANT.

A Mormon Version.

CHICAGO, Feb. 9.—A party of Mormons are in this city on an Eastern tour. One of them was asked whether President Taylor's and Bishop Sharp's recent visit to Mexico indicate the possibility of an exodus of the Mormon people from Utah. The reply was that there would be no exodus, but some few families may emigrate to Mexico for Utah is getting to be overpopulated.

Sharp Debate in the Senate Over the Silver Bill.

UNCLE SAM'S PORTS TO BE FORTIFIED.

The World's Fair Wanting a $500,000 Appropriation—Swaim's Case—Nominations Made—National Notes.

Associated Press Dispatches to The Times.

WASHINGTON, Feb. 9.—In the Senate Mr. Cameron, of Pennsylvania, called up the resolution directing the Committee on Finance to inquire whether it would be expedient to expend the surplus revenue of the United States or any portion thereof for the purpose of reviving the shipping and export trade by allowing a rebate from tariff duties on foreign goods imported in ships built and owned in the United States, and by also allowing a premium on American-grown products and articles of American manufacture exported in American vessels. He addressed the Senate at great length on the resolution, and it was referred to the Committee on Finance.

Mr. Van Wyck received unanimous consent for the consideration of the House bill to prevent the unlawful closure of public lands, better known as the "Fencing Bill."

The amendments of the Senate Committee were concurred in.

At 1 o'clock the bill went over and unfinished business was laid before the Senate, being the Anti-Silver Coinage Bill, and Mr. Beck proceeded to address the Senate. Mr. Beck supported those provisions of the bill calling for the redemption of the trade dollar, but strongly opposed the suspension of the coinage of the standard dollar. The proposition to suspend silver coinage had no necessary or proper connection, he said, with the trade dollar bill, which the House had sent over. He believed trade dollars had now passed from the hands of the people who were compelled to part with them at a discount and were now in the hands of bankers and brokers. He had felt confident that the bankers would be able to make themselves heard by Congress, and the result proved that he guessed aright. It was said that trade dollars were not coins of the United States, but had been given a legal tender character by accident or inadvertence, and that therefore we ought not to take them up. There was no accident or inadvertence about it, Mr. Beck said; they were made coins of the United States just as gold was so coined. The provisions prohibiting counterfeiting applied equally to the trade dollar as to the gold eagle. When Congress concluded to limit this issue of trade dollars to the quantity required for export, it did not take the coin character nor coin value from them, and certainly, as to all those that had actually been issued, it could with no reason whatever be said that they were not the coins of the United States. The Secretary of the Treasury had been constituted by law judge of the number which should issue, and he had chosen to issue 35,000,000. Mr. Beck wanted specially to know what "inadvertence" it was that had been alluded to.

Mr. Morrill said that by "inadvertence" he (Morrill) meant that as trade dollars had been minted solely for export, it was wrong to have given them a legal tender quality at all.

Mr. Beck said that it would be equivalent to saying that no silver should be minted at all. The difficulty, he added, was that our own fiscal agents had conspired to defy the laws of the United States and the present proposition to suspend silver coinage was the result of that conspiracy. He inquired why the banks should be permitted to conspire against the laws. There were already laws enough, but not one of our public officers wanted to execute those laws. The people needed new officers.

Mr. Morgan said he had at the last session submitted a resolution calling for an inquiry into the matter, and that resolution had been referred to the Finance Committee, where it still was. It now appeared, on the statement of a member of that committee (Beck) that the committee was cognizant of the commission of crimes by banks; that the President also was cognizant, but that crimes were not punished. Mr. Morgan said there was no use in multiplying statutes merely that the Senate of the United States itself might dishonor them by constantly and persistently ignoring their existence.

GENERAL WASHINGTON NEWS.

How it is Proposed to Fortify Uncle Sam's Seaboard.

WASHINGTON, Feb. 9.—Messrs. Horr, Ellis and Hancock, of the House Appropriation Committee, have completed the Fortification Appropriation Bill, but have not yet reported it to the full committee. It provides for the appropriation of $4,935,000. The amount appropriated at the last session of Congress for the present fiscal year was $700,000. The bill prepared by the sub-committee provides for the protection, preservation and repair of fortifications already begun and for continuing work upon them, as well as for the construction of new works for the defense of Boston, New York, Philadelphia, Hampton Roads and San Francisco. For these purposes it appropriates $2,000,000. The bill also recommends that for the procurement of heavy steel rifle guns and carriages for the armament of deep-water ports of the United States a permanent annual appropriation of $1,500,000 shall be made for five years from June 30, 1885, provided that in no far as practicable this sum shall be so expended as to induce private manufacturers of the United States who may best be prepared to meet the requirements of the government, or who may be willing to increase their plant so as to undertake the work of furnishing the necessary material for guns or a sample of guns of cast or wrought steel. These shall be thoroughly tested by the United States. If found satisfactory in every respect the Secretary of War shall contract with the manufacturers who are best prepared to execute the work, to the full amount of the appropriation. The guns are to be rifled steel guns of not less than eight inches calibre, or in lieu thereof the materials are to be suitable for making such guns, all of which shall be of American and of American manufacture. For the purpose of aiding the Secretary of War in the expenditure and application of the sums recommended by the bill, it is provided that an advisory board of five military officers, consisting of the General commanding the Division of the Atlantic, the Chief of Ordnance, Chief Engineer, President of the Ordnance Board and Commandant of the Willets Point torpedo school, shall be created. This board shall examine and report to the Secretary of War the different ports where fortifications are most needed, the kind and character of the works best adapted to each point and the amount of the appropriation to be expended in each place; also the kind and character of the guns, torpedoes and other means and appliances necessary for the defense of the country.

THE NICARAGUA EXPEDITION.

The Navy Department has been advised that yellow fever has broken out on the United States steamer Lackawanna and her commander has been instructed to bring the ship from San Jose de Guatemala to Acapulco. The Lackawanna took to Nicaragua the members of the naval expedition detailed to make a new survey of the proposed route for the Nicaragua canal. Some anxiety is felt here about the health of the surveying party, but it is believed that they were safely landed before the fever broke out on the ship.

THE EXPOSITION AFTER MORE AID.

The Committee of United States Commissioners for the New Orleans Exposition, which called upon the President, left with him a statement of financial affairs of the exposition, showing debts to the amount of $360,000. The Committee also left with him a memorial setting forth the circumstances which have operated against the successful conduct of the Exposition, and praying for further aid from the Government to the extent of $500,000. The Committee are hopeful of favorable action by the President, and will remain to urge the matter upon Congress.

NOMINATED.

The following were nominated to-day: John W. Haverstick, to be Receiver of Public Moneys at Los Angeles, Cal.; Daniel H. Wallace, of Pennsylvania, to be Receiver of Public Moneys at Tucson, Arizona.

DEMOCRATS TO CONFER.

A call has been issued by the Secretary of the National Democratic Committee for a meeting to be held at the Arlington Hotel on Monday, March 2d. The purpose of the meeting is not stated.

SWAIM'S SECOND TRIAL.

The second trial of Gen. Swaim has been postponed until Wednesday next.

CLEVELAND'S TRIP.

The President-Elect Returns to Albany.

YONKERS, N. Y., Feb. 9.—From early morning a crowd was around the New York Central depot here, eager to catch a glimpse of President-elect Cleveland. At 8:30 o'clock Tilden's private secretary arrived from New York and was immediately driven to Graystone. The following train brought Smith M. Weed, who at once went to Tilden's residence, as did Hon. John A. Oberly, Chairman of the Democratic Central Committee of Illinois. A long consultation followed. At 2:55 p. m. Tilden's private coach drew up to the depot, and Cleveland and Manning alighted. The next train, due at the station at 3:30 p. m. which is not scheduled to stop until reaching Cold Springs, was the Albany express, and when it slacked up and finally stopped, the railroad men expressed considerable surprise; but when Cleveland, Manning and Oberley stepped into a parlor car the cause of stoppage was explained. As they reached the car platform they turned and raised their hats to the gazing crowd which returned the salute as the train pulled out of the station. Cleveland and Manning go direct to Albany. Lamont, in conversation with a reporter this afternoon, said that since Cleveland had been the guest of Tilden there had been no consultation whatever with the leading politicians of this or any other State.

ALBANY, Feb. 9.—Cleveland arrived from Greystone, the home of Mr. Tilden, this evening. He drove to his residence, and subsequently attended the festival at the Leland Opera House for the benefit of the African Methodist Episcopal Church.

ANARCHISTS NEAR HOME

Sensational Reports from Cleveland and Pittsburg.

PITTSBURG, Feb. 9.—The story that Anarchists are drilling here, and that dynamite is stored in various parts of the city, seems to have some foundation. In an interview with a reporter of the Dispatch to-day a prominent police official stated that he had reliable information that dynamite was stored in at least one place within the city limits, and that a large supply of guns had been received by the Pittsburg Anarchists, which he thought had been shipped from Chicago. The parties having these arms, he says, are foreigners, not workingmen out of employment, but Anarchists. Herr Joseph Frick, a prominent Socialist, to a reporter of the same paper admitted that the Anarchists were armed in this city, and that they had regular nights for drilling. He said there were ten "groups" and about 4000 members in Allegheny county.

CLEVELAND, O., Feb. 9.—F. L. Geger, of No. 62 Linden street, former agent of the International Workingmen's Association of Anarchists, says there are four "groups" of the order in this city, with 200 members and many sympathizers.

Traffic in Babes.

That white children are being sold into bondage to the heathen Chinese is an appalling fact for the civilization of this coast to front. The discovery of the existence of this traffic was accidental. The single case brought to light in San Jose led to closer investigation, and the instances of this infamous traffic were found to be numerous in San Francisco. The poor little innocent inmates of Foundlings' Homes, the illegitimate offsprings of shame, are found to be the helpless prey of these heathens. Transferred to their ...ns of vice there was nothing for them, left there, but a future of pollution. ...ey would be shut out from all civil...ing influences. They would become abject in their heathenism as if born ... Chinese parents and raised upon ...inese soil.

The worst feature of Chinese immi...ation to this country is the fact that ...se heathens come to our shores ...inging with them all the vices of de...aded heathenism, with no rein upon ...eir passions, huddled and massed to...ther like so many cattle, with no ...me life, and no domestic relations to ...train or elevate them. Thousands of ...rs of heathen teaching, and of the ...ral degradation of their women, ...kes the thought of this enslavement ...American children, which has been ...ought to public notice, a thing too ...orrent to contemplate. It is not simply physical bondage, but it is degradation of the vilest sort—it is heathenism and prostitution. There should be no spathy in this matter. Every Chinese den and dormitory should be thoroughly searched by the authorities of San Francisco, and by the authorities in other cities, where even the remotest suspicion exists that white children might be found among them. What reason have we, what reason has any community where the Chinese are found in any considerable numbers, to feel assured that no instance of this traffic may not be found in their midst? The temptations in this direction are just as strong here as in San Francisco or San Jose. The depravity of Chinatown is no worse in either of those cities than is the depravity of Chinatown in Los Angeles. The depravity of the women who have given to San Francisco their illegitimate offspring is no greater than that of the same class in this and other cities. Watchfulness is a duty wherever there is a possibility of the existence of such a crime against womanhood and civilization as the selling of these helpless children to these lustful heathen. There is room for alertness in this matter and for the law to do diligent missionary work in protecting these children from the dangers of the infamous life that menace them. It will be a reproach to us if the law is not powerful enough to extend its protecting arm between these infants and the moral vampires that would destroy them. Let it be done.

THOSE of our citizens—and the number must be very numerous—who think that the Los Angeles Branch Normal School should be invested with a separate board of trustees, not for the purpose of taking it out of the general system of State Normal Schools, but in order to make it more efficient by having a board always present to personally direct and control its affairs and provide the better for its wants, would do well to move in the matter with promptness and energy. It might be well to promptly petition the Legislature for the passage of a law similar to the Del Valle bill, which appears to have been defeated upon a misapprehension of the facts and a misunderstanding of the merits of the case, which are indisputable, in our opinion. A new bill for the accomplishment of the object sought would, if properly drawn, effectively supported, and judiciously presented to the Legislature, stand a good chance of passage. The effort is worth a trial. Those members of the two legislative committees which recently visited this city officially will, we feel confident, give the weight of their testimony and votes in favor of the desired measure, for they have had an opportunity to investigate it upon its merits, and most, if not all of them, have already expressed themselves as favorable to it. We think a petition asking such a law would be cheerfully and numerously signed.

The appointment of John W. Green to be postmaster at Los Angeles was confirmed by the Senate on Saturday. The filing of his bond, the issuance of his commission, the taking of the oath of office, and entering upon its duties will all doubtless follow speedily. Mr. Green is a practical business man of long experience, some of which has been in the postal service, we believe, and he possesses a character and standing for probity, reliability and efficiency which entitle him to the confidence of his fellow-men and women. The people have demanded this change in a very loud voice, and now that it has come they welcome it heartily, and we believe they mean to give the new official a patient trial and a fair chance to redeem the character of one of the worst managed postoffices between the Atlantic and the Pacific.

MR. JOHN M. MOORE, of Coolidge, N. M., writes to the TIMES, inquiring whether Alaska would be a good place for him to go, he having no trade, but being "only a common laborer." We are constrained to say to Mr. Moore, from some personal knowledge of that country, that he would do well to stay away from it. He ought to be able to do better in New Mexico, where his board and clothes will cost him less, and the climate is better.

PREPARATIONS are going actively forward at Washington for the inauguration ceremonies on the 4th of March. It will be a big show, and on a scale of ...xpenditure in keeping with the most ...ravagant ideas of Democratic "reform."

NEIGHBORHOOD NEWS.

DOWNEY.

A BUNDLE OF NOTES FROM A "TIMES" REPORTER.

Correspondence of the TIMES.]

DOWNEY, Feb. 6.—"Gabe" Allen passed through Downey the other day en route to Santa Ana.

Ex-Postmaster Tarwater is now at Julian, San Diego county, superintending a mine for Dr. Fulton.

Messrs. E. B. Halleck, of Michigan, and H. W. Holden, of Topeka, Kansas, are visiting this section with a view to locating.

The public schools in this district opened last Monday with a good attendance. Professor Shaw is principal of the new Downey school, with Mr. Shaw and Miss Josie McKellar as assistants. Mr. Logan Rieves, who was recently graduated at the Los Angeles Normal school, is teaching at the Gallatin school.

The Los Nietos Institute has been reopened in the M. E. Church South building, under the charge of Prof. Cleveland.

Dr. Robert A. Brunson is strongly recommended for Collector of the Port of Wilmington by his enthusiastic friends and neighbors.

Mr. John Mitrovich recently lost a valuable cane between Los Angeles and Downey, which was found and promptly returned by a son of Superintendent Corcoran, of Evergreen Cemetery. The boy refused a reward, but Mr. Mitrovich insisted on his acceptance of $5 as a reward for his honesty.

Mr. J. B. Graham is setting out fourteen acres of Bartlett pears on his place just east of town. Mr. Graham has fifty acres in alfalfa.

Mr. F. M. Matthew who has been mining in Mojave county, A. T., and has been shipping ore to San Francisco for some time, has now returned here. He thinks Los Angeles should have furnaces to handle this ore, which is free smelting. These ores would furnish flux to work the dry ores common in this section. There are thousands of acres of copper near The Needles that could be worked, and water is plentier and coke, charcoal and wood cheaper than at Daggett, where much work is done.

A little daughter of Mr. Joseph W. Venable, ex-County Assessor, fell from a wagon last Sunday morning and was severely injured about the head. The injured child is seven years old.

Last Monday Sam Bland, aged thirteen years, son of the proprietor of the Seventeen-mile House, was severely injured by the bursting of a shotgun. His left thumb was blown off and he had to suffer amputation afterwards, which he bore manfully.

Dr. C. Kendrick, at Gallatin, has 3000 pear, peach, apple and walnut trees in fine bearing condition.

ANAHEIM.

NOTES OF THE WEEK.

Correspondence of the TIMES.]

ANAHEIM, Feb. 5.—Early peach trees have been in bloom for about two weeks.

B. J. Perry has bought a lot north of town, and built a small house thereon.

Mr. Barton, formerly of Santa Ana, who bought a lot in the Kraemer tract last year, has lately completed a nice dwelling house thereon.

Mr. F. Backs has bought a lot between Center street and the schoolhouse, whither he will shortly remove his dwelling and make additions to the same.

Workmen finished, last week, the grading of a portion of Adele street, and are now plowing up and grading the east portion of Center street.

The present dry spell has caused our people to commence to irrigate their orchards and other lands. Water has been running in all the ditches, and besides this a large quantity is still flowing down the river.

A good portion of the large acreage sown to hay and grain in this part of the county is beginning to show signs of dryness, and unless we have a rain within the next two or three weeks, the outlook for the farmers will not be very bright, and this season, which opened so favorably, will have a dubious close. This world is chuck full of uncertainties.

A visit to the Berruel Point flouring mills to-day found Messrs. Dillin & Schorn busy making flour and grinding corn. They are running the mill about fourteen hours per day at present. Mr. Dillin finds no trouble in getting all the first-class wheat he wants, and he says that grain has not been at so low a price for years as at present. The price is lower in Liverpool to day than it has been for over a hundred years. The mills are turning out a first-class quality of flour with their patent rollers.

PASADENA.

IMPROVEMENTS OF VARIOUS SORTS.

Correspondence of the TIMES.]

PASADENA, Feb. 5.—Improvements on the road between Pasadena and Los Angeles have commenced, and already some much-needed work has been done near to Pasadena where the heavy washes occurred last season. It is proposed to carry on this undertaking until a better highway is made, a considerable sum having been subscribed for the purpose. That improvements in this direction have been so long delayed is a surprise, and it is to be hoped that what has been so well begun may be thoroughly executed. I understand that contributions to complete the work necessary to be done are in order, and no more worthy object for the exercise of a little liberality and public spirit can be brought before the people who travel the road to be improved.

A new street has been laid out from the Arroyo road to the South Pasadena postoffice, via Hermosa Vista Hotel, which considerably shortens the distance. It is the work of Mr. G. W. Glover and is known as Hermosa avenue.

A catalogue of the Public Library is being prepared for publication. This institution is prospering, and the citras fair held in its behalf should be made a financial success.

On Wednesday the thermometer recorded 85 degrees in the shade. How is this for mid-winter? J. E. C.

FLORENCE.

IMPROVEMENTS—PROGRESSIVE HEN—ETC.

Correspondence of the TIMES.]

FLORENCE, Cal., Feb. 5.—A continuation of dry weather, excepting slight fogs. Rain is now needed on dry lands, but along the lowlands and artesian belts sufficient moisture exists.

Two men are about to plant out forty acres each into gum trees on the mesa southwest of Florence.

The Jackson Brothers have inclosed, by a substantial post and board fence, a good-sized pasture patch of alfalfa. Mr. Boutwell also was hauling lumber yesterday to do likewise. The ranch further westward, at Green Meadow, belonging to Mr. Chamberlain, of Los Angeles, is undergoing roadside improvements in like manner. Such inclosures cause more freedom to stock than by being tied up by the head or dogged around by herders.

Mr. Albert Holloway's parents, from Kansas, have been visiting them at Green Meadows.

Mr. M. Serrot, a sedate gentleman from Florence, was bragging yesterday of some "hen fruit" laid by a progressive hen of his'n which measured 6¾x7¾ inches strong.

There were three parties held last week within a short distance of each other; at Mr. David Turner's, before his daughter's departure for Washington Territory; at Mr. Douglass's and at the home of George J. Nadeau—the latter of which was a birthday party, in honor of the last named gentleman, 19 years of age. About fifty young people were present from Downey, University, Florence, etc. A good time was had, and a plenty to eat. J. F. C.

ORANGE.

FROM MAINE TO CALIFORNIA.

Correspondence of the TIMES.]

ORANGE, Feb. 4.—Mrs. Bradley, of your city, is visiting her daughter, Mrs. Rev. G. F. Bovard, in this place.

Several different parties from Maine, the extreme northeast of the nation, are wintering with friends in this southwest portion of our native land, and they can hardly find language to express the pleasant surprises which the striking contrast of climate and surroundings are continually giving to them.

Bonfires made by burning piles of grapevines are very common just now. If some inventive genius would construct a machine by which grape brimmings and tree prunings could be cut into convenient lengths for use, the fuel question would be effectually settled in all country places, as a ten-acre fruit ranch would more than supply the home fires.

The very spicy and interesting letters of Mr. C. F. Lummis have been greatly enjoyed by your subscribers in this direction. They were so real that one almost felt like a fellow-traveler while reading the quaint but vivid descriptions of places, people and things, animate and inanimate, along his routes.

A lady of our acquaintance wishes to thank "Susan Sunshine" for her hints on making rugs. A.

SAN FERNANDO.

THE RECENT GOLD FIND—AND OTHER NEWS.

Correspondence of the TIMES.]

SAN FERNANDO, Feb. 7.—The farmers are very busy seeding. Some of them are nearly through for this season, others will sow till the first of March. The season has been more favorable than any we have had for the last ten years, and a larger crop put in the San Fernando valley than any former year. The outlook for an immense crop is good. Senator Maclay will have over one thousand acres of brush land in wheat for the first time. When the crops are all in I will furnish you the number of acres each farmer has in wheat and barley.

The gold mine on Senator Maclay's ranch is attracting a lively attention, and many persons are visiting it. Every one pronounces it good. The immense wheat yield of this valley has been a success and now comes the gold which I hope will be equally successful. Next will come the orchards and vineyards. It is to be the land flowing with wine, milk and honey. It is coming, and the sound of the rising, moving, growing march is already floating through the air. You can distinctly hear its near approach.

Those fond of sport can find plenty of quail and rabbits in this region, and our genial friend, Col. Barclay, will take good care of them, giving them real solid home-life comforts.

If you desire, Mr. Editor, I will give you some items once a week. Yours, "ALPHA."

The Advice of Horace Greeley,

"Go West, Young Man,"

Is very appropriate, so far as Los Angeles city is concerned, for the tide of increase in value is certainly in that direction; no part of our beautiful city is improving so fast as that lying west of Sixth street. Therefore, if you want a beautiful home at a bargain, look at this:

Spring Street.

Lot 50x165, house of 5 rooms, for $5000, in five annual payments of $1000 each.

Fort Street.

An elegant new two-story residence of 8 rooms and bath, hot and cold water, lot 40x165, for $4250, part cash.

Flower Street.

Lot 75x165, covered with fruit, good house of 5 rooms and bath, $3000, on the installment plan.

A Paradise for Homes!

An opportunity not equaled in Southern California to secure ten or more acres of the choicest land in Los Angeles county, with water right, is now offered to the public at prices, to those desiring to improve, fully forty per cent. lower than land similarly located.

THE PHILLIPS TRACT,

Of two thousand acres, all the finest sandy loam soil. Climate unsurpassed and location specially adapted to the orange and lemon; also elegant for vineyards. The character of the soil is such that all kinds of deciduous fruits and vines grow luxuriantly without irrigation. This fine body of land must be seen to be appreciated. It is located

Five Miles from Puente Station,

On the Southern Pacific Railroad, and eight miles west of Pomona, in a lovely, healthful valley, sheltered by the lofty Sierra Madres on the north, gently sloping south and west, and entirely free from fogs and frosts. This fine body of land has recently been subdivided by the owner and placed on the market by the undersigned in

LOTS OF TEN ACRES EACH,

at prices ranging from sixty-five to eighty dollars per acre, including ten shares of water stock with each ten acres. The terms will be made reasonable to parties purchasing and improving. There has already been twenty ten-acre lots sold. There has also been

A Town Located on the Land,

Named "COVINA," and quite a number of lots already sold. The price for lots, 60x175, at present being fifty dollars. A good school has been established on the tract. Parties desiring to see this land can be provided with conveyance from Puente Station. Broad avenues are laid out through the tract. This will undoubtedly become one of the most attractive places for homes to be found. In point of climate or soil it has no superior. For maps, prices, and full particulars, call on or address

AUCTION SALES.

By JOHN C. BELL & CO.,

REAL ESTATE & GENERAL AUCTIONEERS Office, Room 22 Temple Block, over the County Bank.

SALOON,

The Pantheon,

The Finest and Most Elegant Equipped Saloon in the City of Los Angeles,

This Day, at 12 M.,

NO. 67 NORTH SPRING STREET, directly opposite the Court House, will be sold at auction, on the premises, without reserve.

The above will be put up and offered in one LOT: Consisting of the stock of liquors, bar and bar fixtures, glass and silverware, fine steel engravings, fine time piece, mirrors, fine large ice chest, inlaid center table, chairs, an excellent fire and burglar-proof safe, mahogany desk; also, the cigar stand and fixtures. Cost about $1600.

The advantage of offering the above in one lot enables the purchaser to immediately continue the business without interruption.

Should it not be sold in one lot, then it will be sold in lots to suit the purchaser.

NOTE—Parties wishing to purchase a fine paying established business. We would call your attention to the Pantheon. Central, artistic, and as finely equipped as any saloon in the city of Los Angeles. The patronage is of the very best. Conveniences for the working of the bar, the interior decorations are all perfect. Strangers now arriving, parties in any of the adjacent towns, gentlemen residing in the city, examine carefully. This is on the fashionable and permanent street, directly opposite the Court-house, close to the postoffice. Do not neglect it if you desire a good paying business. For further particulars inquire of CHAS. A. SCHRODER, at the Bureau, or of JOHN C. BELL, Auctioneer.

NORWALK;

Sketch of a Los Angeles County Town.

Situated four miles south of Downey is a promising village on the Southern Pacific railroad. It is surrounded by fertile farms and comfortable residences, the homes of enterprising settlers. Among the recent improvements are two neat churches, built by the Methodist Church, South, and the Adventists, respectively, a residence, costing $5000, erected by Mr. William Pendleton, and many smaller houses. The business houses of the place are two general merchandise stores, a lumber yard, a butcher shop, a cheese factory, two blacksmith shops, a hotel, a shoe shop and a saloon. There is a railroad train each way daily, besides telegraph and telephone communication with the outer world. A fine schoolhouse gives assurance to newcomers that their children shall have liberal educational advantages. The land in the vicinity is moist and naturally adapted to raising large crops of corn and alfalfa. The San Gabriel river waters the country abundantly and artesian wells are spouting in all directions. Farmers are at present very busy, and there will be a large acreage of corn planted. Seventy-five to eighty bushels of corn to the acre is an ordinary crop, though some tracts last year produced one hundred bushels per acre. A large number of hogs were shipped to market last year, and during 1885 the product promises to be much larger. Mr. William Pendleton takes the lead in this branch of industry and has a large capital invested. Mr. J. V. Dilley is now engaged in shipping hogs to San Francisco with encouraging success. The cheese factory is one of the most promising institutions of this section, the only complaint from Johnson & Lombard, the proprietors, being that they cannot make enough to supply the demand. The settlers generally are improving their horned stock, as well as their horse stock, and this region will soon be noted for blooded herds and fleet-footed horses. Fulton Wells, on the east, and Artesia, on the southwest, are thriving settlements, and the whole neighborhood seems like one continuous village. Land in this locality can be bought at reasonable figures, and it offers great inducements to enterprising settlers.

THE CALICO BOOM.

A Good Place for Poor Folks to Stay Away From.

There is nothing more characteristic of a mining boom than its inability to know when to stop. Long after the lead has petered out, or the positions have become full, the tide of immigration continues to pour in, until the camp is overrun with destitute men. Now Calico is a good camp. Its mines are paying richly, and doubtless many yet to be opened will prove just as rich. But it is a poor place for a poor man just now. A TIMES representative, who was up in that country a few days ago, found hundreds of men there without either work or money, or the prospect of any; and the number was swelling fast. Every day p[illegible]ere arriving on the trains from [illegible]west; others came [illegible]n the ties; and across the desert from Cajon Pass straggled a long procession, all bound to the same point and the same disappointment. Some were in wagons with their scant household goods, and others on foot, unencumbered by any earthly possession keyond blankets and canteens. These were all expecting to "find a show" in Calico; and a ticket to that show many of them had blown in their last dollar. Those who rode in, as a rule, are walking out, and were mighty glad to get out at all. Every place is filled, and a man might as well look for consistency in a prohibitionist as for a job in Calico or Daggett. A big proportion of the store rooms in the latter town are unoccupied, and the streets are thronged with idle and disheartened men. There is no ground for a Calico boom, nor will there be until new mines are opened, thus giving situations to a few. There is a great deal of sickness there, too, mostly pneumonia, which has been very fatal. About three per cent. of the entire population have died within a month, and many more are constantly sick. There is not a sign about the streets. There is not a sign of prosperity or of excitement there; and one who has been hearing with daily iteration of "the Calico boom," looks around in vain for its tracks. Calico is at present a good place for money, but a poor rich men to place money, and a poor one for poor men to pick any up.

BOARD OF SUPERVISORS.

The Board met yesterday pursuant to adjournment. Present, Supervisors Macy, Lindley, Hinds and Foord.

The petition of Kunkhoff for wharf franchise, was set for hearing at 10:30 a. m. to-day.

On motion of Supervisor Hinds the bond of road overseers was fixed at $1,000.

Road overseers were appointed as follows: Ramon D. Sepulveda, for Wilmington district; J. J. Chapman, for La Ballona; S. L. Page, for San Gabriel; G. W. Townsend, for Vernon; J. Meitzler, for San Jose; Felipe Bottiller, for San Fernando; G. W. Judeu, for Florence; J. D. Cooper, for Compton; C. C. Brown, for Pasadena; E. Pendleton, for Downey; S. W. White, for Los Angeles; E. A. Pollereno, for Los Nietos; H. B. Thomas, San Antonio; S. P. Woodward, El Monte; E. M. Wordell, Duarte; J. M. Donaldson, Catharina, &c.

W. H. S ory was appointed Justice of the P ace for Solidad township.

The petition of citizens of Azusa, asking for the appointment of a Justice of the Peace was referred back to petitioners, because it did not show that a vacancy exis ed.

An ordinance was adopted fixing the road poll tax for the current year at $2 50, payable before October 1, 1885.

Adjourned until 10 a. m. to-day.

New Kind of Mortgage.

A clergyman having married a penurious couple, and receiving no fee for his services, called after the lapse of some months to christen the first-born, and in the presence of a little company he took up the child, saying, "I believe I have a mortgage on this child." Rather than permit an explanation, the father of the babe called the clergyman aside and produced the coin. Another pastor holds a mortgage against several couples he has duly, and anticipates having to foreclose.

BANNING

COLONY.

LOCATION:

Banning, San Bernardino County, California, on

Line of Southern Pacific Railroad, miles directly East of Los Angeles.

Railroad running directly through center of tract.

ALTITUDE:

2500 feet above sea level.

WATER:

Absolutely pure, clear and soft, and abundance of it.

ATMOSPHERE:

As near perfect as can be found on the globe.

SOIL.

Rich, deep and adapted to the production of the peach, apricot, pear, apple, nectarine, plum, prune, raspberry, blackberry, strawberry, gooseberry, cherry, and the entire grape family, both raisin and wine.

Depot, express and postoffices, store, meat market, good school, fine Union church and the best country hotel on the Pacific coast.

The above are some of the many advantages this colony possesses, and the managers are all reliable business men, and now offer land in this colony for sale to actual settlers, and to those who come to California seeking homes, as well as to those already in the State. We say come and examine land and water, and we will guarantee satisfaction. Stop at the Bryant House and ask for the manager of the Banning Land Company. For terms, etc., address,

Dr. Kellogg

—THE—

CELEBRATED & WORLD-RENOWNED

MAGNETIC HEALER,

From New York city, is now at the Pico House, and will remain there for a limited time, curing and healing the various complicated diseases to which the human frame is heir.

Dr. Kellogg has a world-wide reputation for his extraordinary cures of difficult and chronic cases.

He is the miracle of all mortal marvels, and one of the greatest wonders of the Nineteenth century, performing cures which equal, if not surpass, the old time miracles, causing the blind to see, the deaf to hear and the lame to walk.

CONSULTATION FREE, and one hour each day will be devoted expressly to the poor of this city, or those who are unable to procure their own medicine. They will be treated free of charge. The Doctor gives away more medicine than half the others sell. Consultations at office or by mail, free and invited. A friendly talk or opinion costs nothing. When inconvenient to visit the city for treatment, medicines sent by mail or express everywhere, securely packed, free from observation. Cursible cases guaranteed; where doubt exists it is frankly stated. Hours 8 a. m. to 8 p. m. Sundays, 12 to 3.

Nervous Prostration, Debility, Mental and Physical Weakness, Mercurial and other Affections of Throat, Skin and Bones, Blood Impurities and Blood Poisoning, Skin Affections, Old Sores and Ulcers, Impediments to Marriage, Stunted Development, Rheumatism, Malaria. Especial attention to complicated, Difficult, severe and SURGICAL cases. Piles cured WITHOUT USING KNIFE.

Diseases from indiscretion, excess, exposure or indulgence, producing some of the following effects: Nervousness, Debility, Dimness of Sight, Perverted Vision, Defective Memory, Pimples on the Face, Aversion to Society of Females, Want of Pleasure in Life, Want of Ambition, Unfitness to Marry, Melancholy, Dyspepsia, Headache, Restlessness, Loss of Spirits, Pains in the Back, etc., are treated with unparalleled success, safely, privately.

Catarrh, Throat, Nose, Lung Diseases and ASTHMA. Liver Complaints.

It is self-evident that a physician paying particular attention to a class of cases attains great skill, and physicians in regular practice all over the country, knowing this, frequently recommend cases to this oldest office in America, where every known appliance is resorted to, and the proved good remedies of all ages and countries are used. A whole house is used for office purposes, and all are treated with skill in a respectful manner; and, knowing what to do, no experiments are made. On account of the great number of cases applying, the charges are kept low, often lower than is demanded by others. If you secure the skill and get a speedy and perfect life cure, that is the important matter. Leucorrhœa cured in four treatments It is the most troublesome disease known to the female sex.

Cancer Cured without pain and speedily. No cutting done.

Tapeworm removed or no charge. Many persons suffer greatly from the effects of tapeworm who doctor for Dyspepsia, Indigestion, Nervous Prostration, Palpitation of the Heart and a Dry Cough, in consequence of the parasite irritating the throat.

THE SYMPTOMS OF TAPEWORM

Are characterized by restlessness at night, sickness of the stomach, vomiting, convulsions, epileptic fits, faintness, stupor, loss of memory, gnawing sensation in the stomach, pains in the side and back, dry cough, a voracious appetite at one time and a loathing of food at another, a choking sensation when lying down, disagreeable breath, face flushed, nose contracted, heaviness of the eyes, bad digestion, stomach bloated at times, emaciation of the body and great nervous debility and
